Difference of rates between ISD and internet telephony

3813. SHRI K. B. KRISHNA MURTHY: Win the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether there is a wide difference of rates between the ISD and internet telephony at present;

(b) if so, whether Government would endeavour to strike a correlation between the two; and

(c) whether internet telephony is allowed without any additional licence fee or entry fee to the internet service providers and whether their original licences allow them voice applications?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI TAPAN SIKDAR): (a) Yes, Sir.

(b) There may not be any need for correlation as International Long Distance Service and Internet Telephony Service have been classified as different services and both are open for full competition.

(c) Yes, Sir. However, Telecom Authority has the right to review and impose licence fee anytime during the validity of the licence. The original licence of Internet Service Providers (ISPs) does not permit Telephony on Internet. The ISPs are to take permission to offer Internet Telephony Service.
